

Please use the list provided below as a reference when uploading required documentation for a permit application that requires a review by Growth Management. Requirements are based on the project's scope and details of work, not ALL documents may be required.

Note: If you must rename a file that contains a digital signature, please right-click on the file while viewing in a folder, and select "Rename", do NOT "Save as" and rename as this will jeopardize the verified signature. Also, if you must re-submit a document, please use the original file name the file was uploaded with initially. If the document is a revision, type "Revision" into the "Description" field on the uploads page of the permit portal.

NEW CONSTRUCTION / ADDITIONS:

Construction Plans:

- Floor Plan - 1/4" scale
- Elevations (ALL views of structure)
- Foundation Plan or Floor Framing Plan
- Wall Section (s)
- Roof Plan
- Gas Diagram (if >2,500 sq. ft. heated and cooled)
- Manufacture's truss layout
- Fire Resistant Framing Plan (if applicable)

Naming of the following types of plans **MUST** include the discipline's prefix and a hyphen, followed by a three-digit numeric value, starting with 001 for the first document in the set and increasing sequentially thereafter. If plans contain multiple disciplines, such as roofing, foundation, floor, electrical, etc., on the same drawings, please upload using the "Architectural" discipline prefix (A-001), followed by a descriptive file name of each document uploaded (brief description, 24 characters or less), e.g. "A-001-RoofWallElecPlans.pdf". If there are engineer/architect plans with separate disciplines for each set, please upload using the additional "Structural" discipline (S-001), followed by the plans sheet number(s), e.g. "S-001-A12.pdf".

Example(s):

- **Architectural** - "A-001-[description of sheet].pdf"
- **Structural** - "S-001-[add your actual sheet number].pdf"
